Tweezers

Tweezers

DURATOOL

- Range of high quality, stainless steel tweezers, designed to meet the requirements of the electronics and precision engineering industries
- Non-magnetic except for order codes 312-7606 and 312-7618
- Fibre handles on order codes 312-7655, 312-7667 and 312-7679

TEE377

	Order Code	1+	5+	10+
Super fine straight tip, 110mm	312-7576			
Fine curved tip, 110mm	312-7588			
Fine straight tip, 140mm	312-7590			
Universal, 140mm	312-7606			
Reverse action, 160mm	312-7618			
Cutting, 115mm	312-7620			
Extra fine and sharp tip, 120mm	312-7631			
Long nose, 200mm	312-7643			
Cross-leg soldering, 160mm	312-7655			
Heavy-duty, 160mm	312-7667			
Point, 200mm	312-7679			
Heavy-duty, 160mm	312-7680			
Fine straight tip, 120mm	312-7692			

Xcelite

ISA: Stainless steel sharp pointed tweezers, length 120

XHT434: Sharp point tweezers, length 121

XHT412: Cross lock tweezers, length 115

XHT612: Cross lock tweezers, length 165

XHT678: Curved tweezers, length 174

XHT700: Straight tweezers, length 178

XHT600: Round point tweezers, length 152

Sharp point ISA	441-132			
Sharp point XHT434	441-156			
Cross lock XHT412	441-168			
Cross lock XHT612	441-170			
Curved XHT678	441-181			
Straight XHT700	441-193			
Round point XHT600	441-200			

Precision 'VENUS' Range

REGINE

VEN SS Length 140 - Fine long and narrow

VEN 00 Length 120 - Very strong thick points

VEN 1 Length 120 - Strong standard point

VEN 0C9 Length 90 - Fine points

VEN 3C Length 110 - Fine, short and very sharp

VEN 2AB Length 120 - Flat rounded points, curved

VEN 2A Length 120 - Flat rounded points

VEN 4A Length 110 - Extra fine strong points

VEN 5A Length 115 - Oblique points

VEN 6 Length 115 - Hooked points fine and sharp

VEN 7A Length 115 - Curved strong points

VEN 26 Length 135 - Very strong, sharp

VEN 35A Length 120 - Wide, flat tip
